

## **Window/Door size for size replacements**

Submittals should include:

1. A set of installation instructions as well as product approval sheets
2. A scope of work statement (# of windows and/or doors to be replaced) with job cost
3. A simple drawing of the building, marked with an X for the windows and doors being replaced

On the next page, you will find a worksheet you may use for the drawing and scope of work if you choose.
