VII. Information Items: N/A

Kehua Hu, owner of the Bailey House, asked the board to allow a 5-V Crimp metal roof for the reroofing of the historic structure. At the July 5, 2016 HPB meeting, the board approved a standing seam style metal roof, as the most appropriate for a house with the significance of the Bailey House. There was discussion about roofing options if she could not afford the standing seam metal roof. The board felt the standing seam was the most appropriate and the 5-V Crimp was not appropriate for this significant historical structure.
