Mobile Stage for Rent

Photo: Kat Forbes

Rent your mobile event stage from us today!

The City of Gainesville Parks, Recreation & Cultural Affairs now has a mobile entertainment stage available for community festivals, events and outdoor programs.

Our **MSM 3600 ShowMaster Mobile Sound Shell Stage** offers convenient set-up, excellent sound projection and control, plus an onboard electric generator to power integrated lighting and your favorite sound system.

Ideal for concerts, performing arts, theater, athletic events and more!

ShowMaster 14' x 36' Mobile Stage Features

Powered Protective Canopy

Extends beyond the front edge and sides of the stage for full coverage, includes automatic mechanical and hydraulic dual-safety canopy locking systems.

Powered Stage Deck

All-weather folding stage deck that is equal in length to the main rear stage deck

2 Stair Units

Provide access to back and front of stage.

Built-in Canopy Lights

Two rows of dual-tube LED lights mounted at the front edge of canopy and at the canopy hinge line providing maximum stage and performer illumination.

Pro-LED Theatre Lighting System

Eight color changing LED stage lights & lighting control board provide light shows.

50 Amp Power Plug or Onboard 8kw Generator

Plug the stage into a 50 amp electrical service or use the compartment mounted 8,000 watt quiet diesel generator to provide electric power for stage systems and equipment.

Built-in Hydraulically Operated Lift

Travels with stage, available and ready at all times. Heavy-duty lift provides 750lb lifting capacity making the stage handicap accessible and assisting in loading gear on stage.

Adjustable Acoustic End Walls

Movable stage end panels allow adjustment of reflected sound toward the audience while increasing the overall length of the stage's visual backdrop.
