Citizen's Disability Advisory Committee Members:

Good afternoon and I hope all is well. Last week, I kicked off the process to begin an internal ADA self-evaluation of our programs, services and activities. The goal is to assess the City's program accessibility to the public and individuals with disabilities.

Our team has reviewed several models from other public agencies. I have attached the memo I sent to my fellow charter officers along with a few examples of surveys used in other public agencies.

I look forward to your input and guidance as we begin this lengthy process. Also, I have some good news to report! **Based on comments from a recent meeting I attended with you, the City is now providing narrated city bulletin board sessions on each Monday at 8pm for the visually impaired!** Thank you for your suggestion and our hope is to announce this to the public shortly.

If you have any questions or concerns, please don't hesitate to contact me.
